ADMINISTRATORS — Newly appointed Valencia High School Vice-Principal James Guerrero, left, goes over plans for the school year with new Principal Eugene Dorn.

Dispute Over Architects Fees On Projects Surfaces

PLACENTIA — A major disagreement between the city and Griffin and Banks, architects for two fire stations, two community buildings and the corporation yard, over how the projects would be designed and over the size of the fee erupted at last week's City Council meeting. The architect said that he was under the impression that the five projects would all be developed at one time and set its fee at 7.3 per cent of the total cost of all the projects, a bid which the city accepted.

City Councilmen pointed out that that was never the case. Mayor Robert Langer said that in no way could the city build all the projects at once and added that councilmen had pointed out to all applicants for the architectural job that the projects would be built in phases.

Charles Banks, representing the architect, told the council that if

the projects were not done at one time his firm would have to charge a higher fee, perhaps as much as 10 per cent of the project cost.

Langer and other councilmen referred the matter back to the staff for more discussion and added that they wanted to know what it would cost the city to terminate its contract with the architect if that action became necessary.

Councilmen reiterated that the top priority item is the construction of a fire station on Melrose Street where the corporation yard is now located.

Next priority is the civic center-library project on Chapman Avenue, followed by the fire station and corporation yard further east on Chapman.

Lower items on the list are a community building in Atwood and one in South Placentia as well as a fire station in Atwood.

New Session Of VIP Program Planned By City

PLACENTIA — Once again the city is offering people in the community an opportunity to take part in Placentia's VIP Training Program. Saturday, August 12, at 9 a.m. in the Backs Building, 201 North Bradford, is the time and place to meet for information about this novel plan instituted by City Administrator Edwin Powell. Training by the city staff is available to residents who are unemployed or under-employed and who have an interest in city government careers.

The department participating in the training program are administration, finance, recreation and parks, personnel, planning and building safety, police, fire and public works. These departments offer a variety of challenging positions to benefit

trainees. Applications will be available for those wishing to participate in Placentia's unique plan to help alleviate the high local unemployment rate.

People accepted in the VIP Training Program receive no pay. But for training purposes, they are expected to spend a regular number of hours each week participating in projects with city staff members. In order to accommodate hours to the requirements of trainees, training periods can be arranged during normal working hours, evenings and Saturdays.

The city aids VIP's by contacting other governmental agencies for information concerning job openings, by writing letters of recommendation for successful participants and by assistance in preparing resumes.

Phillips Charges Airport Backers Submitted Applications Illegally

YORBA LINDA — Supervisor William J. Phillips charged last week at a meeting of mayors and city administrators that developers of the proposed Chino Hills Airport had violated a state law when they submitted their proposal to the Federal Aviation Administration without first getting approval of plans by the Orange County Board of Supervisors.

A similar charge was made by Assemblyman John V. Briggs in a letter dated July 26.

Both Briggs and Phillips pointed out that state law requires that airport plans be submitted to and approved by the local county board of supervisors and the local Airport Land Use Commission before any airspace study can be requested.

They further pointed out that the Orange County Board of Supervisors voted on March 16, 1971 to eliminate the proposed Chino Hills site from further consideration as a commercial jet airport site.

Phillips said that he has written to FAA officials pointing out the violation of state law and requesting that airspace approval be withdrawn immediately because of the law violation.

Supervisory candidate Ralph Diedrich stated at the meeting that the FAA airspace approval would be reviewed in Washington D.C. Yorba Linda City Administrator Arthur Simonian confirmed that from the information he had the FAA would restudy the matter during

August and September and give a report possibly in December.

Diedrich added that there were a number of steps remaining before an airport could be built and said that the time to stop it is at the environmental impact hearing.

The airport, which is planned for the Chino Hills area about five miles northeast of Yorba Linda, has drawn opposition from all of

the cities in North Orange County.

Mayors, city administrators and city attorneys of the five north county cities are working together to determine what steps are necessary to stop construction of the airport.

Several public meetings have been held in which local citizens expressed virtually unanimous opposition to the airport.

Brian Hawley Resigns As YL City Planning Director

YORBA LINDA — Brian Hawley, planning director since January 1971, will leave his position August 25 to accept a similar position with the city of Cypress.

Hawley was Yorba Linda's first planning director. Last year he served as acting city administrator following the resignation of Darrell Dalton.

City Administrator Arthur Simonian said, "His resignation comes at a crucial time in the history of the city." He mentioned such important issues at the Kraemer Ranch and the Carlton Tract discussions, and added that the workload of the planning department is very high because of the filing of a lot of tentative tract maps.

Simonian added that he will act as planning director and said that he has named Phil Paxton, an engineering aide with the city, as assistant planner.

Paxton, who has been with the city one and one-half years, will keep his post at least until a new director is selected and maybe after that, added Simonian.

Simonian said that the city is looking for a college graduate with at least four years of planning experience to fill the position. He said that the salary range is \$15,000 to \$18,000 per year.

Dannemeyer Zone Change Is Continued

PLACENTIA — The City Council has continued the appeal of Planning Commission denial of a change of zone from manufacturing to multiple-residential sought by William E. Dannemeyer until September 5.

The property is located in a portion of the area northeast of the intersection of Orangethorpe Avenue and Melrose Avenue.

Licenses Approved For Hill Of Hope Carnival

PLACENTIA — The City Council has granted an exempt license to allow the St. Joseph Hill of Hope to hold a carnival October 13, 14 and 15 in the Sierra Vista Shopping Center at the corner of Bastanchury and Placentia Avenue.

One condition of the approval was that no beer be served by the organizers of the carnival. Councilmen said that if the group wanted to sell beer they would have to pay all business license fees which would normally have

been charged.

Representatives of the organization said that there would be booths for food, drinks and games with prizes plus three or four kiddie rides for children 12 years and under such as a chair swing, moon bounce, small ferris wheel and maybe pony rides.

The carnival is scheduled to last from 4 to 9 p.m. on Friday, and 12 to 9 p.m. on Saturday and Sunday. There will be at least 28 booths plus live entertainment and raffles.

Brewer Goes To Culver City School District Post

PLACENTIA — "I will still maintain my residence in Placentia," stated Dr. E. Earle Brewer, at a luncheon tendered him recently at the Alta Vista Country Club. It was styled a "resignation" party by Emcee

Vick Knight, and brought together approximately 65 people including former associates and the staff of the Placentia Unified School District.

Although not announced at the luncheon, it was later learned that Dr. Brewer assumed administrative duties in the Culver City School District on August 1. On August 10 he will start in a management area, which will include 16 months of study and work. Dr. Brewer has his doctorate degree and will take the Presidential MBA program being offered at UC, according to reports. Dr. Brewer mentioned the 16 month work program, but did not state exactly what it would include.

Among persons introduced at the gathering were, Mrs. Brewer, Superintendent and Mrs. John Tynes, Supervisor William Phillips, Sal Zavala and Dr. Ralph Ruth, Board trustees, A.S. "Bud" Bradford, J. Francis Addy, Chester Whitten and Gil Kraemer.

DANCE — Robert Clements and Elsie Paciorek get in the Hawaiian mood for the Orange County Polka Club's dance on August 19 at the Anaheim Elks Club, 423 N. Anaheim Blvd., Anaheim with music by Oscar and Sammy. The event begins at 9 p.m. For more information call 772-2884, 774-1989 or 827-5814. Tickets will be available at the door.

CSUF Art Display Shows Student Work

A display that features prints and etchings by students of California State University, Fullerton art professor G. Ray Kerciu is now on display in the university library, according to Veronica Chiang of the library processing services department.

Mrs. Farmer Assumes New City Position

Mrs. Virginia Farmer is acting as an intern at the city hall in the administrative offices during the vacation period. She is doing, also, it was learned, a special assignment for the city administrator, Edwin Powell. Mrs. Farmer is president of the Placentia District Library board of trustees.

Aragon, Susan G. Daggett and Grant L. Rusk of Fullerton; Robert K. Harris and Frank R. Mowrer, Santa Ana; Theresa A. Barna and J. J. Miller, Yorba Linda; Michael W. Rose, Whittier; Michael R. Orwicz, Garden Grove; Kyok Foley, La Puente; Bradley R. McMahon, Tustin; Marilyn E. Seeland, Placentia; Rose Marie Williams, Orange; and Robert E. Valentine, Costa Mesa.

Registration Begins At Fullerton College

Formal registration for the fall semester at Fullerton Junior College began on Wednesday, August 2, according to Dr. Osborne R. Wheeler, Administrative Dean, Admissions and Guidance.

Students who have previously attended the College and filed applications during the spring months have already received their registration appointments during early August.

Students who will be attending FJC for the first time should obtain an application for admission form from the Admissions Office and file the form with the College as soon as possible. They should also have their high school transcripts sent to the Admissions Office as well as transcripts from any other colleges they have attended in the past.

All students planning to enroll in more than ten units of work, those who are scheduling an English or mathematics course, and those who are working toward a degree must take the regular admission tests. Tickets for these may be obtained by mail or in person from the Admissions Office.

Students who have moved into the area recently or have not yet filed an application for admission are urged to do so at the earliest possible time because registration appointments are issued in the order the applications are received. Those students who wait until the last minute are warned that

many classes may be closed or not offered at times which they feel are convenient.

Registration will continue through the month of August and through September 14. Registration hours are from 8 a.m. to 4 p.m. Monday through Friday and again from 6 p.m. to 9 p.m. Monday through Thursday. Registration is in the campus Admissions Building located at 321 East Chapman Avenue in Fullerton.

Area Women To Represent Placentia Club

Mrs. Betty Nathan, president; Mrs. Dorothy Apalatagui, dean of women; Mrs. Peggy Barnes, chairman, Consumers and Home Life development; and Mrs. Irene Czapinski, chairman of Resolutions, have been appointed as district officers by Placentia Round Table of Placentia to the Orange District Federation of Women's Club where they will represent Placentia on August 25 at the Costa Mesa Women's Club District gathering.

Each chairman is expected to give a report on information received from the state chairman and have answers prepared.

Mrs. Murray Granger, district president, will be in attendance for this workshop and plans a 9 a.m. "buzz" session with the officers.

Tickets are now on sale at the Recreation office, 117 North Main, and must be purchased before noon Monday, August 14.

John Meursing was general evaluator for the evening and Marvin Grudem gave us a lesson in parliamentary procedure in the "monkey business" portion of the program.

Bill Riethmeier was Table Topicsmaster for the evening and presented some very timely and controversial subjects to stump the would-be experts.

WINNERS — Taking the top prizes in the recent Yorba Linda Recreation Department Banana Split building contest are, from top, Kathy Elliott, 13, first; Lori Nollette, 11, second; and Shannon Sullivan, 9, third.

Services Scheduled At Church

"The Judge Is At The Door" will be the sermon topic at worship services on Sunday, August 13, at 8 and 10:30 a.m., at Redeemer Lutheran Church, 451 W. Madison Avenue, Placentia. A vocal duet will be presented by Mrs. Arthur Bullis and Miss Jill Earick.

The next summer Wednesday evening vesper service will be at 7:30 on August 16. These services are planned for those who are not able to be at worship on the previous Sunday.

Casual Dress Cools Down City Workers

Visitors to Placentia City Hall during the recent heat wave noticed employees wearing a variety of informal clothing. City Administrator Edwin T. Powell, who authorized the temporary wearing of casual clothing, noted that visitors have had a variety of favorable reactions while commenting on the heat.

Councilmen Bob Lyons and Mike Callahan apparently agreed with the idea and sported Bermuda shorts and bright shirts at last Tuesday's Council session.

'Show Mobile' Unveiling Set By Department

The Placentia Recreation and Parks Department will unveil its new "Florence Robinson Show Mobile" Monday, August 14, at Kraemer Park. The El Dorado High School Stage Band will open the summer concert schedule with a 6:30 p.m. performance. Kraemer Park is located at 201 North Bradford.

"Florence Robinson, a long time Placentian, has been a strong supporter of musicals and concerts in our parks for several years," noted Recreation Director Dick Samp. The show mobile will enable the recreation and parks department to bring special events and concerts to the families of Placentia.

The show mobile was envisioned in 1968 at the time of the passing of the park bond. The family oriented show mobile will be dedicated by action of the City Council at a later date.

Wilsons Return From Three Week Vacation

Mr. and Mrs. William (Jeri) Wilson of Hamer Dr., Placentia, have returned from a three week vacation. Accompanying them were their son Kenneth and daughter Lia.

The Wilsons covered a wide section of the United States and noted among the very interesting places was a visit to the BalMead Mansion in Tennessee, a historical old Plantation home now under the care of the Tennessee Historical Society. Fort Smith, Memphis, Tenn., West Virginia and Cleveland, Ohio were other cities visited.

Truman Memorial center in Missouri and Eisenhower Center in Abilene, Texas furnished many historical facts enjoyed by the entire family, especially the young folk. A trip to Colorado Springs to the Air Force Academy was the "today"

place and the quaint village of Vail was a refreshing delight. According to Jeri, no parking is allowed in Vail and one must park outside and walk quite a distance to enter the park. Aspen, Colorado and finally Las Vegas for an overnight stay completed the trip.

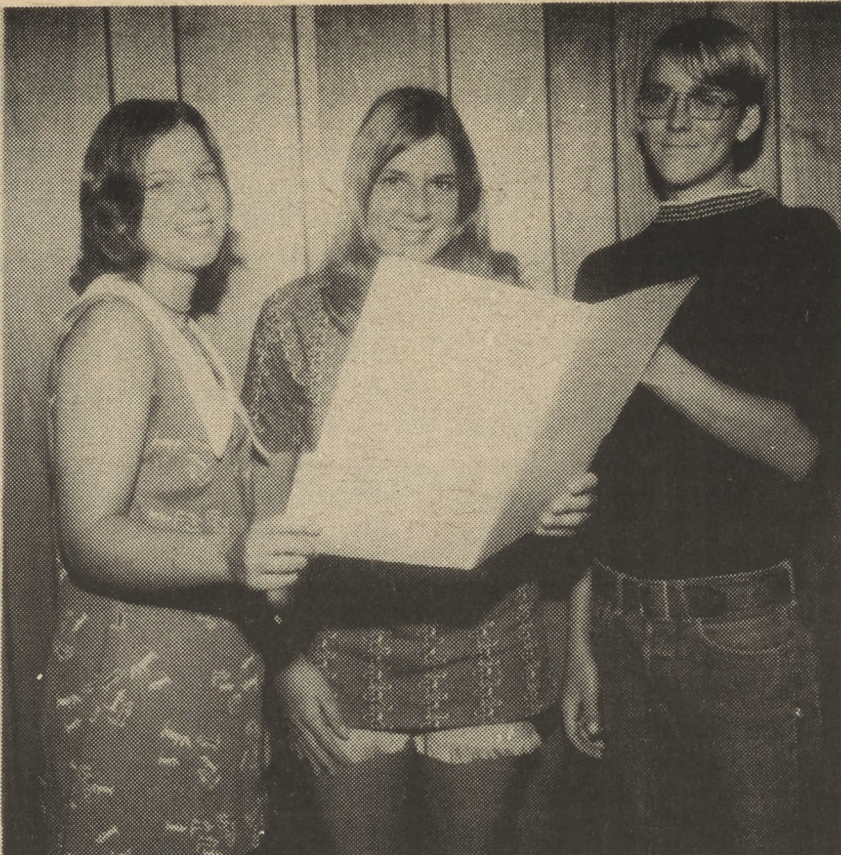

"Placentia had its hot weather but I prefer that to the humidity of the southern states," said Mrs. Wilson.

Republican Teens Work For Convention

Placentia Teen Age Republicans are working to raise money through baby-sitting, bake sales and car washes to send ten of their members to the Republican National Convention in Miami this month.

Members of the group had been invited to the convention because of their record of work during the past year in various party activities.

Anyone interested in contributing to the fund to send the ten teenagers to Miami may do so by contacting Marge Helander at 528-2678.

South Team To End Season On August 10

The South All-Stars (Valencia) are preparing for the North-South All-Star games on August 10.

The Royals were the league champions with the 76er's taking second. Doug Eggers was the scoring champ with 154 points in ten games. Dwight Mater had a 13.1 average while Bobby Zamora scored 128 points in ten games.

Paul Gilbert was scoring champ with 105 points while Stan Davis and Mike Mullen each had 80. The Pacers broke a three way tie to become the champions while the Warriors were second and the Super Sonics third.

The Warriors beat the Super Sonics 21-16 with Bob Engle scoring 13 points. The same day the Pacers smashed the Squires.

In the playoff, the Pacers escaped with a 33-32 victory as they held off a second half rally by the Warriors.

For the southern All-Stars, Coach Doug Jaso is extremely confident. "We should win easily," stated the coach.

The Trojans finished the third and fourth grade undefeated while the Jaguars were second and the

Bruins third. Steve Neubauer was scoring champ with a 9.8 average. Chris Miller and Ron Navarette were close behind.

North Stars Prepare For All-Star Game

With the regular season over, the North All-Stars (Tuffree) are getting ready for the big game on August 10.

The Huskies took the third and fourth grade league by beating the Beavers twice in two days. Even though the Beavers won the regular season play and the Huskies were third, the champions took charge in the tournament final.

While behind 11-5 at half time, Randy Franz turned on scoring 13 of 18 points in the second half to give the Huskies the tournament championship.

Again it was Franz in the playoff for first place. Behind at half time, Franz scored 16 points in the second half to give the Huskies a 36-22 championship victory. Franz ended the game with a season high of 26 points.

Concerts In Kraemer Park Are Slated

In the Varsity tournament, second place Fullerton met either Sunny Hills or Buena Park because of a tie for third. First place Loara met one of the teams in the late game, also.

The tournament championships will be played at 8:15 p.m. after the JV game.

In the final week of action, El Dorado beat Valencia 55-47. Mike Moore scored 21 points to lead the Hawks while Jeff Van Winkle added 14.

Sunny Hills beat Buena Park 51-36 with Lee Hollis scoring 14. Fullerton slipped by Brea-Olinda 33-30.

Capistrano Villas Set By Westport Builders

The San Juan Capistrano valley is steeped in the history of California and the swallows that return to the Mission yearly keep that history alive.

One of the first to realize the innate advantages of the beautiful valley was Westport Home Builders, Inc., Anaheim-headquartered building and development firm.

The company, Capistrano Villas, projected 1,200 apartment and garden homes flanking Camino Capistrano Road. Homes that would be financially within the grasp of practically any family that wanted one, with homes that would not be "stripped," but contain all the amenities of homes costing thousands of dollars more.

According to E. J. Cantillon, chairman, almost 500 of the two, three and four bedroom apartment and garden homes have been sold.

The two and three bedroom apartment homes

are priced from just \$17,500; the two through four bedroom garden homes from \$21,500. The apartment homes may be moved into for \$900 total move-in cost with monthly payments as low as \$174. Conventional, low down F.H.A. and no down V.A. terms are offered.

Scattered throughout the 120 acre community are recreation and leisure centers with pools and cabanas. Maintenance of the grounds and the recreational facilities is provided through the homeowners association, whose officers are elected by the homeowners.

Model apartment and garden homes are open daily from 10 a.m. to 7 p.m. and are just a 20 minute ride down the unclogged San Diego or Santa Ana Freeways from the Santa Ana area. Exit the freeway at Junipero Serra Road, turn right to Camino Capistrano and Capistrano Villas.

FJC To Offer New Business Courses

Final touches are being put on the wide range of materials which will be used in the Fullerton Junior College Individualized Self Pacing business courses which start with the opening of the fall semester Monday, September 11.

Mrs. Syble D. Taylor, who is working with William Nelson and Virgil Buck on the new program, says that she is "up to her ears in slides and tapes, and busily preparing more." She went on to say, "From the phone calls we have received, we are reaching many people who are looking for a quick and efficient way to learn some practical skills in order

to get a job."

The new individualized self pacing courses will be offered from 8 a.m. to 10 p.m. Monday through Friday and from 8 a.m. to noon on Saturdays year-round.

Regular registration for the fall semester started Wednesday, August 2, and continues through the first two weeks in September. Registration hours are from 8 a.m. to 4 p.m. Monday through Friday and again from 6 p.m. to 9 p.m. Monday through Thursday. Registration is in the Admissions Building located at 321 East Chapman Avenue in Fullerton.

Local Nurses Desire To Form Task Force

The need for medical and dental care for pre-school and school age children from low-income families has triggered a desire on the part of local nurses to form a Placentia Task Force on Health.

Carol Nelsen, nurse for the state preschool conducted at Adventureland Nursery School, stated, "Of the 80 pre-school children enrolled this past year, 53 children had an urgent need for quality care but were not eligible for any financial medical support. A part-pay clinic could be developed if there was sufficient interest and concern from the medical professionals and the citizens of Placentia."

The nurses are seeking other health professionals and community members who share their concern.

Carol Nelsen

Anyone wishing to be a part of the planned Placentia Task Force on Health should call Mrs. Nelsen at 528-5980 or the SMILE Project at 993-0060. The first meeting of the Task Force will be in early September.

Mrs. Geeting To Speak At Backs Meeting

Mrs. Mae Geeting, well known after dinner speaker with the great power of wit and humor, will be the speaker at the August 19 meeting of the Senior Citizens in the Backs Community Building.

Mrs. Geeting, herself a senior citizen, has served the city of Placentia as a planning commission member and a member of the City Council. She maintains an active interest in civic and social affairs. Her topic will be "Women."

Pot luck luncheon will be served at 11:30 a.m. followed by the program. Bring a friend and come is the invitation issued through the Senior Citizens club. Bring a salad, hot dish or a cake, and table service. Coffee and tea will be furnished.

Backache: What It Means

"The human spinal system is the ultimate mechanical marvel of nature," Dr. Andrew N. Burpee, of the Burpee Chiropractic Group said that "the fine coordination of the spinal nerves and muscles provide the spinal column with delicate balance flexibility and rigid strength." So important is the spine that only a slight alteration in the precision balance of a single spinal segment may undermine the total health pattern of the individual.

The crucial importance of the spine to the health of the individual makes small wonder of the fact that more man hours are lost from industry due to spinal disorders than any single class of disabilities.

According to Dr. Burpee, disabling back pain may result from a single severe spinal injury. More frequently, however, back pain represents an accumulation of minor spinal insults over a period of years. A fall, minor accident or even a gradually developing posture defect may alter the delicate balance of the spinal system. There may be little

or no pain as minor spinal injuries accumulate. As spinal balance is altered slightly with each injury, the spine gradually loses its flexibility and its ability to support the body weight. It becomes less adequate as a protective channel for the spinal cord and nerves. Eventually the structurally weak spine becomes degenerative and painful.

Finally an unusual exercise or an unguarded move is sufficient to displace a weakened spinal segment and a major spinal disability begins. If the displaced spinal segment alters the size or shape of an adjacent nerve opening, the vital nerve flow to some part of the body is disturbed and pain and or loss of function develops in that part whether it is a limb, the back or a vital organ.

Remember, says Dr. Burpee, "regular periodic chiropractic examinations and professionally directed spinal hygiene is your assurance against the hidden development of disabling spinal disorders and you can't say you have been thoroughly examined or tried everything if Chiropractic hasn't been included."

Dr. Burpee maintains offices at 245 North Glassell, Orange, California (telephone 639-0111). ADV.

Girls Club Schedules Activities

Busy days for the month fill the calendar of the La Jolla Girls Club, according to Mrs. Betty Solesbee, who is directing the project in that area. A campout in Arroyo Verde Park is

planned. Sewing and craft classes are underway at McFadden School, Room 513, on Monday and Wednesday afternoons from 2 to 4 p.m.

Underway also are plans

for a fashion show and the plans are being finalized at the regular Wednesday night meetings. All the skills for a good fashion show are being taught the young ladies.

Bake sales, beach parties and the possibility of a week at camp for every girl who has attended regularly are in the planning stages, said Mrs. Solesbee. Any girl who will be attending school in the fall in the sixth through the 10th grade is eligible to join, and Mrs. Solesbee urges the girls to attend one of the sessions to register or call her at 993-0930 for further information.

USC Doctor's Degree Awarded To Stewart

Marvin Stewart, principal of El Dorado High School in Placentia, was awarded a doctor's degree in educational administration and supervision from the University of Southern California this week.

The 38-year-old principal evaluated the doctoral program in which he earned his degree to fulfill his dissertation requirements.

Starting his fourth year as principal in the Placentia Unified School District, Dr. Stewart has been

responsible for innovating such programs as individualized instruction, contract learning, team teaching and the Exemplary Library Title II Project (Elementary and Secondary Education Act) which brought the school \$100,000 worth of materials.

The new doctor holds memberships in Phi Delta Kappa, national honorary education society, Placentia Administrators Association and the International Individualization of Instruction Association.

Doctorate Awarded To Anello

John A. Anello, music teacher in the Placentia Unified School District, was awarded his Doctor of Education degree this week from Brigham Young University in Provo, Utah.

The program in which he participated is an experimental one which allows candidates to select an area of emphasis, and the university sends professors to Southern California every two to three weeks to conduct seminars for students.

Dr. Anello chose curriculum and instruction with music as an option in his program. His dissertation is "A Comparison of Academic Achievement Between Instrumental Music Students and Non-Instrumental Music Students in Selected Subjects, Grades 9-12."

Dr. Anello, 44, has been with the Placentia school district since 1968 as an instrumental music teacher.

Playgrounds Plan Projects

"The Boy Who Loved Horses" is the movie of the week this week at the Placentia Recreation Playgrounds. "Johnny Shiloh" will be featured the week of August 14. These two fine movies for children can be seen at all the parks and playgrounds throughout Placentia. Time and day of each show is available from the Playground leader at your park. Each of the two movies is 90 minutes in length.

A special "Girls Softball Day" is slated for Thursday, August 10, at Tuffree Park. Girls throughout the city will meet at 1 p.m. and divide into teams. A friendly afternoon of softball action, with everyone playing on a team, will highlight the days activity.

All-City Table Tennis action is on tap at Morse School today beginning at 1 p.m. Age groups for boys and girls are 10 and under, and 11-13. An open division for youngsters 14-16 will be contested. Plaques are awarded to the top three winners in each division.
